

GRANTEE & SCHOLARSHIP SPREAD THE NEWS TOOLKIT

Since 1998, **QueensCare's Charitable Division** has been supporting the efforts of organizations, agencies, programs, and individuals with grants and scholarships to provide, increase or improve healthcare services in Los Angeles and beyond.

We are thrilled to partner with you and offer this toolkit with suggested key methods you, your school, or your organization can deploy to publicize your scholarship, grant, new program, and mission.

We look forward to sharing our partnership with our networks. We are here to help you and your team spread the news and gain awareness about your work in the community and simultaneously extend our impact beyond our immediate reach.

Contact us if you need our logo (EPS, PDF, JPG, PNG) or other visuals for your announcements.

Thank you for partnering with QueensCare.

@ThePeopleConcern

On this #thankfulthursday, we'd like to highlight #QueensCare whose support allows us to provide essential services and wellness activities at our downtown interim housing site, The Village. In times like these, it's very important for our community to step up and help our most vulnerable neighbors. We are extremely grateful for our partners in philanthropy who help us get one step closer to a Los Angeles in which everyone is #housedhealthysafe.
